

Kauai Community College

Online New Student Orientation

Distance Learning Courses

The primary purpose of distance learning at the University of Hawai'i's ten campuses is to extend the University's rich array of quality instructional resources to students anywhere in the state who are committed to higher education but are constrained by diverse factors which prevent their participation as regular on-campus students.

Distance Learning Courses provide students with access to education through a network of various technologies, including cable, interactive video and online learning.

Students can view the list of distance learning courses by visiting hawaii.edu/dl/courses.
